

Shower enclosure KN/TX4b-90-S+Bza biewGY

SQUARE CORNER SHOWER ENCLOSURE

Product number: 602-271-0031-01-500

Corner square shower enclosure KN/TX4+Bza is a set of products including a shower enclosure with sliding doors and an entrance from the corner, a built-in acrylic shower tray with frame and a siphon. This completeness ensures perfect matching of all elements. The shower enclosure has a 4mm thick safety glass sheet. The sliding system is based on single bearing rollers mounted in the glass sheet and detachable lower rollers. The tightness is ensured by a magnetic seal. Ergonomic, chrome handles ensure comfortable opening the sliding door. Adjustable wall profiles allow to level the curvature of the wall.

Shower tray dimensions: 900x900 mm

A Height: 2030 mm

Adjustment range Bmin-max=Cmin-max: 873-890 mm

D dimension: 900 mm

X Entrance width: 530 mm
