

## Shower tray B-M/SPACE 70x80x1,5 br

### SQUARE AND RECTANGULAR SHOWER TRAY

Product number: 645-290-0110-54-000

Shower tray and its fit is an important element during the equipment of the bathroom. A wide range of Space Mineral square and rectangular shower trays B-M/Space is one of the strongest points of our offer. Shower trays with a depth of 1.5 cm, with a smooth surface, a flat bottom and low height are easy to install both on the floor and inside the floor, which allows you to create a barrier-free entrance. The Space Mineral shower trays are made of mineral cast, characterized by excellent functional properties and aesthetic values. The material from which the shower trays are made is easy to clean, resistant to various stains, discoloration and abrasion. The Space Mineral shower trays fit the current design trends. To meet your needs, we offer these shower trays complete with a siphon and a cover. Thanks to this, the customer gets a shower tray. The white shower trays are completed with a siphon with a white cover and the ones in the color are complemented with a chrome siphon cover. The offer prepared in this way ensures the best matching of the elements, as well as the perfect matching of the shower trays to the interior design of the bathroom. Optionally shower trays can be equipped with the anti-slip surface -ProSafeSystem, spatial frame and apron. The Space Mineral shower trays are a proposal for both modern and classic bathrooms, for young people or an older one, the single or maybe a large family. It is a universal product that decorates each bathing room.
