# Geometry in bathroom

– bathtubs in various variants!

The bathtub has been bathrooms standard equipment for many years. A long bathings has a relaxing effect. There is no better way to mute after hard day, than a soothing, warm bathing. During bathing pleasure in the bathtub not only your body rests but also your mind.

How do you choose the best bathtub for your bathroom?  
During deciding to buy a bathtub, you should not only think about on a dimension that meets our expectations but also on an interesting shape.

Our offer includes a wide range of sizes matching smaller and larger bathrooms and shapes in accordance to the latest bathing trends. If space allows, you can choose a wall-type bathtub, that makes your bathroom personal spa salon.

We invite you to read more about our offer!
