

SANPLAST.
Pure Pleasure

Sanplast - We create Pure Pleasure of bathing in each bathroom area

Are you planning a showering area, or maybe bathing place? Do you need a comfortable washing place? Bathtubs, shower enclosures, shower trays, washbasins, hydromassage systems SANPLAST brands perfectly match any bathroom area. And it is possible regardless of whether you are a fun of long bathing or pure showering pleasure. Beautiful, classical and excellent with the quality Sanplast brand products are the perfect choice for each bathrooms.

A wide range of doors of Sanplast offer doors meets the arrangement needs of most users. Our doors are available in many product series start from the Basic series up to the exclusive Altus series. A multitude of dimensions, construction solutions, profile colors or glass fillings helps you make the right choice. The door can be combined with SS2 extension walls in a line, what helps to build-in wider nische. If the corner shower enclosure is needed, the right product is the SS0 fix wall and proper shower door. What is more additional widening profiles helps increase shower enclosure adjustment ranges. Possibilities of custom-made products help you realize custom built-in nishes.
